Meeting evaluation

The meeting of TEMPUS project *EACEA-517200 "Establishing and capacity building of the Southern Serbian-Academy and the National Conference for Vocational Higher Education*" held in Krusevac, on 24th and 25th April, 2012.

1 What were your main expectations for this meeting?

person	ANSWERS
1.	For it to be constructive
2.	I expected to learn something about the importance, scope and progress of the project from the first hand. I tried to imagine my school and its role in the context of the Academy and to inform myself better about the progress of the project . Also, I tried to think about my personal as well as my school's contribution to the general idea
3.	Getting familiar with the project essence, realisation plan and the way of work
4.	The beginning of the project implementation
5.	To learn more about the present and future activities within the project
6.	Getting familiar with the system of higher education in EU countries
7.	I did not have any expectations
8.	To finally learn and get familiar with the system of studying in the partner countries in this project
9.	To find out how far the establishing of the Academy has gone

4.	well-done
5.	all the partners were willing to participate in discussion and I liked that team spirit
6.	no
7.	all the participants took an active part
8.	good
9.	no

What did you learn? Which part did you or didn't you enjoy?

1.	I learned that team work is good and that all participants can do their best to achieve the best results
2.	I am better informed about the direction and development of this project. I like team work and useful presentations which give concrete answers to concrete questions-how to do something?Informative presentations and statisctics affect the work dynamics.
3.	Further planning, determinig the mission and vision are the key points

٦

	in every work
4.	I liked work in the work groups
5.	I enjoyed work in work groups, I do not like when presentations last longer that expected
6.	Presentations were good
7.	During the meeting I had a chance to learn something about the partner countries' experiences which helped me understand the Bologna process better and see how mobility works in practice. Workshops have been well organized and well done.
8.	I liked work in the work groups
9.	No answer

5 What are your concerns and expectation about the project? What are your expectations to be fulfilled before or on the next meeting? What are you going to do?

1.	I do not have any concerns related to this project. I expect to hear from EU students what their way of studying is like, what are its advantages and disadvantages, differences in comparison to our way of studying, etc. I will follow the news on the site of this project.
2.	I always expect that each participant does his best for the project to be successful, and when it is the case, I do not have any concerns. As expectations are concerned, I always expect realisation of activities according to the plan.
3.	I expect that the project will be fully implemented. There is a concern since the Ministry of education is not fully active. Their help is necessary as soon as possible.
4.	Bigger support from the Ministry in implementation of this project; I will start with the English language course
5.	I expect constructive and successful meetings in the future like this one was; I am going to start the language course
6.	We are worried due to the fact that the Ministry of Education and Science has not accredited the Academy of vocational studies yet
7.	I do not have any particular tasks for the next meeting, so I will be studying the material related to the work packages
8.	That we will get even more and even better connected concerning the Academy
9.	No answer

6 Anything else?

1.	no
2.	no
3.	I expect that by the next meeting the Ministry of education and science will unambiguously take a standpoint and approve the establishing of the Academy, which is in compliance with the strategy for education development until 2020.
4.	no
5.	no
6.	no
7.	the questions asked here, which demand descriptive answers are impossible to be statistically processed nor it is possible to make concrete conclusions based on this questionnaire, but it can only be some sort of feedback information for someone who is reading the questionnaires, so I do not get the point of it. The questions should be more concrete, so that examinees can give measurable and concrete answers.
8.	see you in Vranje with even better suggestions and ways of thinking
9.	No answer
